

574 HARD CASE

For nearly 40 years the Calgaz brand has been synonymous with unsurpassed quality, reliability and service. Our passion for quality is demonstrated in every product we ship. This commitment is what sets us apart from every other calibration gas provider. Calgaz remains the industry leader because our customers continue to have complete confidence in the accuracy and reliability of our calibration gas products.

Calgaz creates partnerships with our customers in order to understand their needs and provide solutions that exceed their expectations.

If it's important to our customers, it's important to us.

FEATURES

This durable heavy-duty, impact-resistant plastic case is constructed for safety and is easily transported. It will contain one or two non-refillable cylinders, one or two regulators and appropriate tubing.

It holds up to two of any of the following Calgaz cylinders: Calgaz 34, Calgaz 34s, Calgaz 58, Calgaz 58s and Calgaz 105s.

This Calgaz case provides a number of benefits:

- The compact design and convenient handle permits the user to safely and easily carry a number of products.
- The improved latch system allows for enhanced security
- Your regulator can be used while inside the case
- Exterior opening permits tubing to be routed outside the case
- The sleek design accommodates two cylinders of different sizes

* Picture shown is a kit. When purchased as a kit it may contain one or two calibration cylinders, regulator(s) and appropriate tubing.

Material

Blue Plastic - HDPE

Specifications

Length 23" (overall)

Width 9"

Door opening 15" (from top of case to center split)
